SEATING **EXCELLENCE**

UNICA

A beautiful family of chairs with almost endless options!

The Unica family of seating answers the call for multi-use applications offering a comprehensive and configurable suite of chairs with a consistent design theme.

Advanta worked with well-respected designer Frank Mause of Hallenberg Germany to create the Unica family in 2016.

Unica continues to evolve into an ever larger family including swivel, sled, 4 leg chairs, stools and beam seating with a complementary table also available.

Unica is available with a super comfortable polypropylene shell or alternatively upholstered in your choice of fabric or leather. Die-cast aluminium, steel and timber bases are available in powder-coated, polished and stained finishes.

Unica is loved by the design community for its beautiful well resolved design and unlimited selection of trending finishes.
